Social Thinking Workshop

we are happy to announce that registrations ^{for} Events

the 2- day workshop on Social Thinking are now live.

Michelle Garcia Winner is Founder of Social

Thinking and she has helped develop this unique

concept for helping children and individuals with difficulties in the social world. Social challenges

form a large component of the various challenges faced by individuals on the autism spectrum and several other conditions. Michelle has not only influenced the lives of children on the spectrum, but is also dedicated in equipping professionals, working with individuals with social learning challenges from a very young age to adulthood, across the globe.

Reach Therapy Center For Children is proud to be organizing Social Thinking this September and hosting Michelle Garcia Winner for the very first time in Mumbai.

Call us for registrations!!
